### FOCUS AND SCOPE OF THE JOURNAL

Proceedings of the International Conference on Economics and Business: E-ISSN: 2963-3370; P-ISSN :2963-3656 . The challenges of the free market within the framework of ASEAN (AEC) will continue in 2016. All countries in Southeast Asia are competing to improve the quality of life from all aspects, including economics, human resources and education. Competitive human resources are the basic capital to survive and develop in this AEC era. In addition, the G20 conference will be held in Indonesia in 2022 with the theme "Recover Together, Recover Stronger". From this theme, Indonesia invites the whole world to work together to achieve a stronger and more sustainable recovery.

This is a challenge for the world of education to prepare quality human resources who are able to compete and excel. Moreover, intense competition between professions makes individual skills and competencies an absolute quality to have. To answer these challenges, the UKI Toraja Faculty of Economics will hold the 2022 International Conference on Economics and Business with the theme Global Economic Development era 5.0.

Articles published in the Proceedings of the International Conference on Economics and Business include the results of original scientific research (top priority), new scientific review articles (not priority), or comments or criticism of articles in journals. Proceedings of The International Conference on Economics and Business accepts manuscripts or articles in the field/engineering from various academics and researchers, both nationally and internationally.

The articles published in the Proceedings of the International Conference on Economics and Business are articles that have gone through a review process by Mitra Bebestari (peer-reviewers). only accept articles originating from original research results (top priority), and new scientific review articles (not priority). The decision whether or not to accept a scientific article in this journal is the right of the Editorial Board based on recommendations from Mitra Bebestari.

Volume 1 No. December 2, 2022

**FOREWORD**

Proceedings of the International Conference on Economics and Business: E-ISSN: 2963-3370; P-ISSN :2963-3656 . The challenges of the free market within the framework of ASEAN (AEC) will continue in 2016. All countries in Southeast Asia are competing to improve the quality of life from all aspects, including economics, human resources and education. Competitive human resources are the basic capital to survive and develop in this AEC era. In addition, the G20 conference will be held in Indonesia in 2022 with the theme "Recover Together, Recover Stronger". From this theme, Indonesia invites the whole world to work together to achieve a stronger and more sustainable recovery.

This is a challenge for the world of education to prepare quality human resources who are able to compete and excel. Moreover, intense competition between professions makes individual skills and competencies an absolute quality to have. To answer these challenges, the UKI Toraja Faculty of Economics will hold the 2022 International Conference on Economics and Business with the theme Global Economic Development era 5.0.

Proceedings of The International Conference on Economics and Business publishes the only paper that strictly follows the guidelines and template for manuscript preparation. All submitted manuscripts will go through a double-blind peer review process. The paper is read by editorial members (according to their area of specialization) and will be screened by the Managing Editor to meet the criteria required for publication. The manuscript will be sent to two reviewers based on their historical experience in reviewing manuscripts or based on their area of specialization. The Proceedings of The International Conference on Economics and Business has reviewed the form to keep the same items reviewed by two reviewers. Then the editorial board makes a decision based on the reviewers' comments or suggestions.

Reviewers provide an assessment of originality, clarity of presentation, contribution to the field/science. This journal publishes research articles on economics, human resources and education. The articles that will be published are original works and have never been published. Incoming articles will be reviewed by a team of internal and external reviewers.

The Editorial Board also hopes that scientific articles from readers can be published after going through a review process by the Editorial Board and/or Bestari Partners.

Regards,

Chief Editor
