Proceedings of the International Conference on Economics and Business: E-ISSN: 2963-3370; P-ISSN :2963-3656 . The challenges of the free market within the framework of ASEAN (AEC) will continue in 2016. All countries in Southeast Asia are competing to improve the quality of life from all aspects, including economics, human resources and education. Competitive human resources are the basic capital to survive and develop in this AEC era. In addition, the G20 conference will be held in Indonesia in 2022 with the theme "Recover Together, Recover Stronger". From this theme, Indonesia invites the whole world to work together to achieve a stronger and more sustainable recovery.
